NILES P. T. A. INSTALLATION CLOSES YEAR

Annual Reports Indicate Progress During Past Term

Parent-Teacher work of the Niles Grammar school ended with a flourish, the last meeting being held Tuesday afternoon with visiting officials and an unusually large attendance of local mothers. Installation of officers by Mrs. R. B. Bulger, East Alameda County president, featured the program.

Announcement was made of the two prizes won by the Niles association—the state prize for the most unique stunt in gaining "Dad" members, and the district prize for beautification of school grounds. The idea responsible for winning recognition in the "Dads" campaign was one originated by Mrs. Roland Bendel, chairman of the dinner which brought in thirty or forty father-parents. Mrs. J. E. Townsend and the Campfire Girls, Principal E. D. Bristow and the California Nursery Company were largely responsible for the prize for beautification of school yard.

Incoming officers were presented with flowers by Mrs. Harvey Braun, re-elected president. Those installed were: Mrs. Braun, Mrs. E. A. Ellsworth, vice-president; Mrs. Leon Solon, treasurer; Mrs. Ellen Habenicht, recording secretary; Mrs. J. E. Townsend, corresponding secretary; Mrs. Plum, parliamentarian; Mrs. Lester Duffey, historian; Miss Enos, auditor; Mrs. Plum and Mrs. Townsend, delegates.

A going-away gift was presented to Mrs. R. K. Wilson who is taking a year's leave of absence. She has had charge of the undernourished children's work and also the candy which has netted a considerable sum for the cafeteria.

Music by the school orchestra lead by Principal E. D. Bristow was greatly enjoyed as was the vocal music by the primary children under the direction of Miss Enos.

Erection of San Jose's $505,000 community hotel expected to start in near future.

CHARLES PETERSEN BRINGS MATTER UP AT CHAMBER OF COMMERCE LUNCHEON

ALL MERCHANTS and business men of Niles are asked to meet in the Egyptian Ball Room Tuesday evening at 8 o'clock to discuss the matter of street lighting. This matter was brought up at Tuesday's noon luncheon of the Chamber of Commerce by Chas. Peterson of the Niles Theater. A representative of the Pacific Gas and Electric Company will be present at the Tuesday meeting.

Last week three large electroliers were installed in the theater block on Niles' main street free of charge by the P. G. & E., through the efforts of George Donovan, local representative. Any who have been down after dark have been convinced of the effectiveness and benefit of these lights and receive an idea of what it would mean to have the entire town so illuminated.

President Harvey Braun at next week's meeting will appoint a committee to arrange for a barbecue for the members and friends of the Chamber of Commerce.

The organization voted to discontinue meetings through July and August, leaving only two more for the summer, next week's and the following Tuesday.

Newark Wins Cup In Orchestra Contest at High School Friday

Niles Comes Second, With Alviso Winning First In Class B

A capacity audience witnessed the first annual contest between the orchestras of the various elementary schools of Washington township, Friday evening, May 31. All orchestras were assigned a test piece to play and were judged principally on performance, but also on stage presence, instrumentation, etc. The judges were Charles C. Way of San Francisco, and John Darasch of Oakland, both well known and very successful orchestra leaders and teachers. Glenn H. Woods, director of music in the Oakland public schools, was to have been a third judge, and came down to Centerville several days before the contest, but was unable to make the trip the night of the contest.

Class A included schools with more than five teachers, and the orchestras ranged in size from fourteen to thirty players. The Newark orchestra won the contest by its splendid playing, snap, power, brilliancy, and altogether fine effect. It will retain the large Class A trophy presented to the district by Waters and Ross of San Francisco, throughout the coming year. In case any orchestra should succeed in winning this cup three successive years the cup is to remain the permanent property of that orchestra. In the Class A contest Niles was second, followed by Irvington, Decoto and Alavarado.

Class B included schools with five teachers or less. In this contest the thirteen-piece orchestra from Alviso was in a class by itself, easily winning the silver cup, which is a gift of the Ferguson Music House of San Jose. Warm Springs and Mission San Jose orchestras could not quite equal the standard set by Alviso.

The various orchestras were attired in most attractive uniforms, which, though simple, were very colorful and effective. The Niles and Mission San Jose orchestras particularly attracted much favorable comment by their bright appearance. All the orchestras were directed by their own student leaders, this unique feature lending considerable interest on the part of the audience. All the orchestras felt that they can do a great deal better next time, and it is certain that this year's winners, Newark and Alviso, will have to exert themselves to the limit next year to retain their present titles.

J. E. Townsend was in Sunnyvale Tusday for a conference with Max Schukl regarding opening of the canning season in this district. The Sunnyvale plant opened with cherries Tuesday.

Mr. and Mrs. Pollock leave Saturday for Jersey City, N. J., where Mr. Pollock will be connected with the new assembly plant of the International Wood Products Company.

Several Schools of Township Have Already Begun Vacation

Alvarado

Avarado and Alviso schools, closing last week, were the first in the township to begin the vacation season. On Tuesday evening of last week, the Alvadaro pupils presented their annual operetta, the title of this year's being "In Grandmother's Flower Garden," and on Saturday evening diplomas were presented to 23 graduates. The commencement address was made by County Superintendent David E. Martin and diplomas presented by F. W. Joyce, president of the board.

The operetta and class music were under the direction of Mrs. Charlotte Huntley Foster. Due to the resignation of Principal Van

A Lucky Break

Clarence Glassbrook, son of E. F. Glossbrook, of the Citizens' Water Company, broke his right arm last week while cranking an automobile. In one way it was a "lucky break" for Clarence as this week is examination season at Hayward Union High where he is a sophomore. Of course, nobody could accuse him of doing it purposely.

NEW KILNS BEING CONSTRUCTED BY POTTERY CO.

Construction work upon four new kilns began at the California Pottery Company's plant in Niles canyon last week. This makes seven kilns in all and at present plans call only for manufacture of sewer pipe.

Specifications and architectural drawings, however, have been completed for the entire establishment which, if carried out, would call for a force of about 200 men and consequently many new residents for Niles. Ornamental pottery, etc., would be made, as well as roof tile, drain and sewer pipe, according to officials. F. A. Costello, of Oakland, is president of the company.

One plant is now in operation in Oakland and another in Merced. Present plans call for about 40 workmen at the Niles plant, many of whom doubtless will be seeking homes in this vicinity.

CHERRY CROP IS UN-INJURED BY RECENT RAIN

Five or six car-loads of cherries have left Niles this past week, most of them having been shipped by jobbers and commission houses. J. C. Shinn is one of the local growers who shipped independently.

According to Harvey Braun, local Southern Pacific Agent, comments from fruit men indicate that this year's crop of cherries is better than the average, both as to quality and quantity. The rain of last week, while damaging extensively crops in other sections did no considerable damage here as the black cherries had been mostly picked and the others not advanced to the stage of maturity to be seriously damaged. Only about five per cent of the crop was injured, it is estimated.

SOUTHERN PACIFIC CREW OF SIGNAL MEN BUSY IN NILES

Twenty-five or thirty members of the signal gang of the Southern Pacific Railroad Company are now installing new air signals in connection with the Southern Pacific-Western Pacific tower south of Niles.

This addition to the force brings the monthly pay-roll of the Southern Pacific in Niles to about $10,000, much of this money going into local business houses.

Traffic Squad Stops Cars With Bad Lights

Capt. Louie Eike and four of his traffic squad were stationed in Niles Wednesday evening stopping all cars whose head-lights did not seem to come up to requirements. A crowd of on-lookers gathered at the corner of First and J street to watch the performance which included a considerable number of autoists.

Newark Man Fined $10 For Cutting In

Antone Amaral, of Newark, was fined $10 for cutting in, in the traffic hearings before Judge Allen G. Norris, at Centerville, Tuesday.

LOUIS RUSCHIN TO ENTER STANFORD UNIVERSITY

Louis Ruschin, of Newark, has received notice that his application to Stanford for entrance has been accepted and not only accepted but classed in the highest of the three grades eligible. He will specialize in subjects particularly helpful to the medical profession which he has chosen as his field of endeavor.

Louis will carry with him the good wishes and high hopes of many friends made during his high school career which is closing with tonight's commencement. In all senses of the word he has been an honor student, not ranking first in scholarship but with creditable showing nevertheless, in spite of the fact that he has taken a most active part in all school activities.

He is retiring president of the student body and recently in the lead of "New Brooms" depicted the grouchy bachelor in one of the most cleverly interpreted roles ever witnessed on the high school stage. He brought favorable publicity to Washington Union High school through his achievements in the various departments of athletics, being one of the outstanding football stars of the past few years.

He was one of the first boys of the township to earn the rank of Eagle Scout, his rapid rise in scout-craft being one of the first achievements to win him public notice.

Louis will graduate this evening at the commencement program at Washington Union High school.

BILLY MOORES HELP GRAMMAR SCHOOL KIDDIES

Hospitality of Mr. and Mrs. Billy Moore in Niles canyon saved the day for the seniors of the Niles Grammar school who chose Tuesday of last week for their annual picnic. When the downpour of rain threatened to break up the party, the Moores kindly invited the young people in and the affair was consequently a greater success than if the elements had not intervened—hot rolls and hotter dogs from the Moore's kitchen were all that could be desired.

The seventh grade pupils enjoyed their annual picnic at the same place last Thursday afternoon.

O. E. S. DANCE AND BANQUET GREAT SUCCESS

One of the greatest social affairs of the season was held Wednesday evening in the Masonic Temple. The annual reception given by the Orient Chapter of the Eastern Star outdid all of the previous receptions in beauty and granduer. Grandconductress Willa Hellwig was the honored guest.

The lower floor of the building was converted into a spacious banquet hall. The decorations, with red and yellow predominating, beautified the room considerably. The banquet which was served was proclaimed the best of the season. Mrs. Dora Richmond and the Alvarado ladies were in charge of the banquet.

The remainder of this pleasant evening was devoted to dancing in the temple's ballroom. All of the members and guests from Eastbay and peninsular cities and San Francisco proclaimed the reception a great success.

Dinner parties are quite the thing. Mr. and Mrs. Ralph Emerson entertained 24 guests last Tuesday evening.

SAN JOSE MAN HURT IN ACCIDENT AT CROSSING

A most thrilling accident occurred at the Southern Pacific railroad crosing on Main street at 8:55 a. m., Saturday morning, when a special freight train coming from Newark and a Ford coupe driven by H. J. Waldman, a traveling salesman from Los Angeles, were coming at the same speed, and neither stopped, of course, the two collided. The engine dragged the Ford for nearly 300 feet, and deposited it in front of the packing houses. Flying glass was showered in all directions

Waldman was rushed to Doctor Ormsby who gave first aid treatments for a fractured leg and skull, and then rushed the patient to O'Connor's Hospital in San Jose. The car was salvaged by the Rose garage here.

It is expected the patient will come out of the hospital someday with a lesson never to be forgotten.

The terrible and avoidable accident may serve as a moral: Stop, look and listen before going across any railroad crossing!

YOUR QUESTION AND ITS ANSWER

QUESTION—"I have often wondered if your treatments would help my throat trouble. I have catarrh and periodical sore throat. Please advise."

ANSWER—Get this fact firmly fixed in your mind, then all doubt as to what drugless treatments will do in your case will vanish. First have an examination to determine the true cause of your trouble, then take your treatments regularly and you will have no more trouble. Your case is like many that we treat. There is no doubt but that your system is toxic and the blood acid. This must be corrected and all other causes removed, before you can expect to stay well.

STORY HOUR CLOSES AT LIBRARY FOR VACATION

The Children's Story Hour which has been conducted at the Niles library this past year by Mrs. Roland Bendel will discontinue its meetings during the vacation period, much to the disappointment of the kiddies who have been attending with an average number of forty or fifty each Monday afternoon.

The first meeting last July brought 18 children and interest has steadily and consistently increased. Last week there were 51 present and on Monday 46. These figures coupled with the obvious disappointment of the children when it was announced that the story hour would take a vacation prove unquestionably its popularity.

This feature of the Niles Library program will be resumed in the fall when school opens.

MUTUAL STORES, INC. IN MERGER WITH MACMARR'S

NOTICE has reen received by The Township Register that the Mutual Stores, Incorporated, has entered into a merger with the MacMarr Stores Limited, this transaction having become effective on May 29, 1929. This is one of the out-standing mergers of the year and is further evidence of the modern trend in business to consolidate.

The notice received by The Register reads:

Gentlemen:

Kindly be advised that on May 29, 1929, the Mutual Stores Inc. entered into a merger with the MacMarr Stores Limited. Kindly correct your account with us to read: MacMarr Stores Limited, and bill all future merchandise to MacMarr Stores Limited—Mutual Division.

Feature Program At Fox Oakland House

Eddie Peabody, the banjo boy, in person, and William Fox's newest all-talking masterpiece, "Thru Different Eyes," form the stage and screen attractions at the Fox Oakland Theatre, week starting Friday, June 14.

Peabody is featured in Fanchon and Marco's "Fiesta" Idea along with a gorgeous array of exceptional talent.

The screen feature is claimed to be William Fox's most thrilling and best talking picture since "In Old Arizona." And there are two of the favorite stars of that picture in "Thru Different Eyes." They are Warner Baxter, the "cisco kid" and Edmund Lowe, the tough sergent. Mary Duncan, sensational star of "Shanghai Gesture" plays the leading feminine role and is claimed as daring on the screen as on the stage.

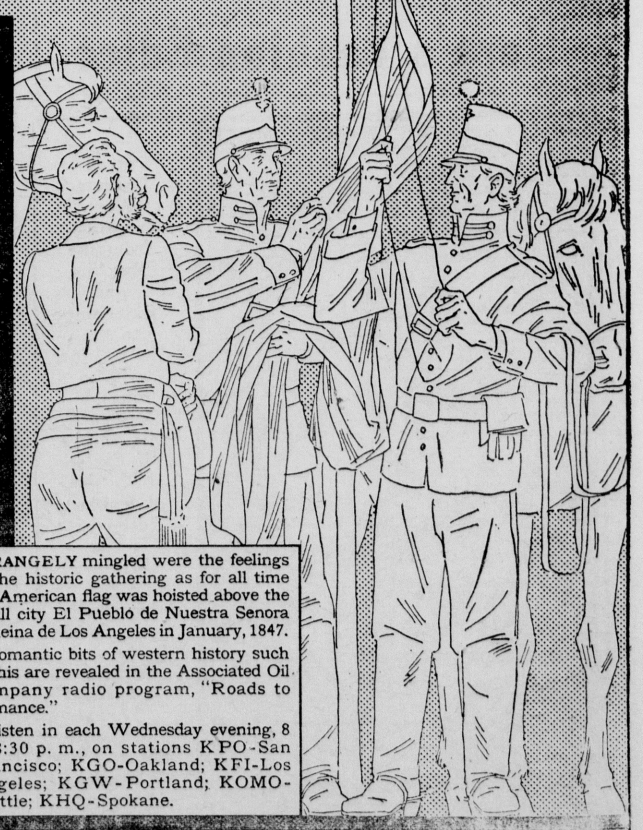
"Fish Ranch Road in high gear"
—*made by Berkeley man*

Edward H. Morris, Jr., prominent insurance man of Berkeley, says that his Ford car gives him better performance than usual.

"Recently," he said, "I made the long, steep Fish Ranch Grade behind Berkeley easily in high gear. Very few four-cylinder cars, that I know of, have conquered this hill in high. Not many of the larger cars can do it. I attribute a large part of my success with my Ford to the power and efficiency of Associated Gasoline."

Associated Gasoline starts easily, responds eagerly to the throttle at all speeds, and gives long mileage. It is a clean fuel, refined to insure complete combustion and to minimize carbon formation and crankcase dilution.

Sold at the red, green and cream stations and garages.



STRANGELY mingled were the feelings of the historic gathering as for all time the American flag was hoisted above the small city El Pueblo de Nuestra Senora la Reina de Los Angeles in January, 1847.

Romantic bits of western history such as this are revealed in the Associated Oil Company radio program, "Roads to Romance."

Commencement Services At Decoto Celebrated

The commencement service at the Community church Sunday evening was proclaimed a success by the large congregation of 75.

The seniors looked quite gay with their boutonieres of blue and gold, which are their class colors. They marched to their reserved pews in a body.

The beautiful worship service, "Four-fold Ideas," was led by the Rev. Arthur Seebart of Niles. A little pageant given by the Decoto Christian Endeavor players, was a part of this service.

R. Barnes Anderson spoke on "Taking Men Alive." The splendid address will certainly be remembered by all as a great message.

Miss Margaret Laudenslager and William Tyffe of the Newark Senior Christian Endeavor Society, furnished instrumental music for the offertory. A solo by Miss Sophie Swanson also added to the beauty of the service.

Woman of 81 Happy To Be Made Citizen

Hailing from Niles, a little old lady of 81 yesterday renounced allegiance to her native land and took the oath of American citizenship. She was Miss Elizabeth Ann Barry, native of Ireland and a resident of California since 1883 and of America since 1877. Otherwise apparently hale and hearty, she experienced difficulty in hearing. Superior Judge Fred V. Wood found he virtually had to shout and, receiving the correct answers to his first two questions, waived the usually lengthy examination. "Admitted," he smiled. "I wanted to be a citizen before I died," was her comment.—The Examiner.

***

Miss Barry is a well-known personage about Niles and occupies the unique position of "weather man" here. Following the death of her brother who had the oldest records of rain-fall and weather conditions of any person in this section, Miss Barry continued to keep these tabulations and from time to time has given to the public requested information regarding this matter.

That she has still been a native of Ireland until this week will come as a surprise to many.

FACULTY SWAMPED IN INTERCLASS GAME

The crack faculty nine of Washington High was defeated by the Junior nine. When the dust had risen and the faculty limped off the field the score stood 19 to 8. Coach Regli hit a home run into the grain field in the second inning; Mr. Larson's arm proved to be a little rusty, and he had to be taken from the box, Coach Regli finishing up the pitching. Professor Gatchell had the hitting attack for the faculty with two hits in two times to bat. Cahill and Katoaka lead the Juniors each getting a triple.

Mr. Mette gave an exhibition of fielding on the first base, while Coach Regli made "Fat" Fields look sick behind the plate. Mr. Hodges proved to be a surprise by discarding his coat and vest, and appearing in right field. The faculty appeared in suits of all kinds ,which helped to add interest to the game. The radio announcer failed to appear, and so the public was disappointed. The gate receipts amounted to minus $2, due to a lost ball. It was a good game after all even if the faculty was beaten.

COMMERCIAL CLUB STUDENTS SEE BIG BUSINESS CONCERNS

Twenty-four members of the Commercial Club motored to San Francisco on May 22, under the supervision of Mr. Solvason. The Crocker National Bank, the largest banking institution in San Francisco, and the Pacific Telephone and Telegraph building was visited.

R. A. Newell, vice-president of the Crocker National Bank, showed the students a great deal of courtesy. He asked three officials to divide the group into three sections of eight students each and conduct them through the entire bank. Many departments were visited, including the bookkeeping, stenographic, and auditing departments. The students were all very much interested in the various time and labor saving machines employed throughout the bank. Possibly the most interesting feature of the trip was a visit to the vaults where the students were permitted to see and handle currency of different denominations.

Mr. Pullen, manager at the Pacific Telephone building, met the students in the lobby and showed them through the building and to the roof garden where a marvelous view of the city and surrounding bay section was enjoyed.

The trip was very pleasant, as well as educational, and the students returned home with a better conception of the business world, with its responsibilities, as well as its opportunities.

The Senior Ball will be held June 15, at the Garden of Allah, as the final get-together of the year. Music will be provided by the K. G. O. orchestra, an organization of musicians well known in this community for its pep and good music. Decoration and refreshment committees are making definite plans for the entertainment in order to make this the biggest and best senior ball in the history of Washington Union High school.

CLASS NUMBERS SEVENTY

The largest class in the history of Washington Hi will graduate Thursday night in the auditorium at 8 o'clock. The seventy seniors will march on the stage to the time of "The War March" played by the High School orchestra under the direction of John Kimber. The stage, which is decorated annually by the Junior class, is expected to be a bower of the Senior class flowers. As a part of the program the music class will sing two numbers entitled, "The Sailor Slumber Song" and "Song of Farewell." Mervyn Blacow, as valedictorian of the class of 1929, will give a farewell address. Other speeches are to be given by Dr. D. W. McQuarrie, president of San Jose State and E. B. Hodges, closing with the presentation of diplomas by the president of the board of trustees, Fred Dusterberry. This will bring to a close the Thirty-eighth Commencement of Washington Union High school.

FOUR TEACHERS CHOSEN TO FILL VACANCIES

In order to replace the vacancies left by the outgoing teachers, four new instructors have been chosen.

Robert Moore who is engaged to teach English and journalism, and who has worked on the staff of the Sacramento Daily Bee, will fill R. S. Kinney's place. He is a graduate of Stanford University, where he received his A. B. degree.

Joseph B. Hill, also a graduate of Stanford University, where he received his A. B. and M. A., will teach mathematics, in the position left vacant by the resignation of Mr. Larson.

A difficult position to fill has been that of Miss Laura Taylor, who will go east to Columbia University to continue her study of drama, and Miss Awbery Nicely, a graduate of the University of California, will teach English, public speaking and dramatics.

Miss Gertrude Douglas, who will accompany Miss Taylor on her trip, leaves another vacancy in the English department. Miss Grace Knoles, A. B., of the University of California, will fill her position as teacher of English and history. Another teacher who will be an additional member of the faculty will be chosen.

Mary Pickford Plays In "Coquette" at T & D

Lovable, bobbed-haired, grown-up, Mary Pickford comes to the T. & D. theatre, Oakland, Friday, in "Coquette," the all-talking "It" picture of the year.

Her golden voice replaces her golden curls in this sparkling story of a Southern belle who flirted kissed and forgot until she met the man—her man—and dared everything for love.

One of the greatest losses to the theatre world was Mary's voice when she forsook the stage for the silent screen. But now it lives again, glorious and vibrant, through scenes tense with emotion, dramatic with tragedy.

Supporting the famous little star will be a cast of favorites foremost of whom is John Mack Brown, the lad who played the lead in "Dancing Daughters." In "Coquette" Brown has the part of the handsome mountaineer who wins the heart of the flirt. Matt Moore is cast as the rejected lover and the father who brings unhappiness into the coquette's life is played by John Sainpolis.

Talking comedies, novelty singing films and Fox Movietone News will be other attractions.
